

Hawk Talk: Adjusting to College

Wednesday, March 27th

6pm in the ARC

Sponsored by the Explore Program

How is college different than high school? What's it like to live in a dorm? What are the biggest adjustments?

Bernadette Heitschmidt '12 will answer all these questions and more, sharing her expertise from working in residence life at Northern Illinois and Marquette.

Bernadette Heitschmidt '12 continued her education after Marist at Marquette University, a Jesuit institution, in Milwaukee, Wisconsin, where she received her Bachelor of Arts degree in Advertising. She also completed a minor in graphic design at the Milwaukee Institute of Art & Design. As an undergraduate student, Bernadette served in several leadership positions such as: being a Resident Assistant, President of the National Residence Hall Honorary, and President of Art Club. Bernadette served as the Residence Hall Director at the Milwaukee Institute of Art & Design for a year before going back to school for her masters. Bernadette is in the final semester of completing her Masters of Science in Education degree for Adult and Higher Education at Northern Illinois University in DeKalb, Illinois, where she also worked as the Graduate Residence Hall Director in Gilbert Residence Hall, overseeing over 200 residents, six community advisors, and the five community council executive board members. Most recently, she has accepted a position as Residence Hall Director at Marquette University.

Upperclassmen students and parents are encouraged to attend!

Northern Illinois University
