

# Creating a Collaborative Culture in the Classroom

Monday @ Marist  
Ryan Doidge

# The Catapult

# Materials

- 15 popsicle sticks
- 8 rubberbands
- 1 spoon

# Time

- 5 min.

# Takeaways

## **Lessons build on student motivation**

-students will decide what they learn in the end

## **Learning is centered on student thinking and action**

-Students do the talking, thinking, and action with minimal teacher interaction

---

# Teaching Tips

- Try to tie back to a physical element
  - Let the students learn from each other
  - Failure is acceptable (fail forward)
  - Bring in everyday items, lessons, and environments into the teaching
-
