

**SUMMER SCHOOL
PROGRAMS
2021**

MARIST HIGH SCHOOL

SUMMER SCHOOL PROGRAMS 2021

GENERAL

Summer School will run Monday through Friday, from June 14th to July 23rd, with a long weekend for Independence Day.

Full year courses (1.0 credit) will run the entire six weeks for four hours each day.

Health and Speech are semester courses (.5 credit). These courses will run the entire six weeks for two hours each day. (Choose one: Section 1: 8am - 9:50am or Section 2: 10:05am - 12:00pm).

Introduction to Digital Media is a semester course. This course will run for three weeks (July 6 - July 23) for four hours each day.

Bridge courses will not receive credit and will run for one or two weeks for two hours each day.

Registration will be available online at <https://www.marist.net/academics/summer-academic-programs/>. Registration will be accepted through April 30.

A course may be cancelled due to lack of enrollment. As of now Marist High School plans to hold all classes in person. Please be aware that this may change based on IDPH recommendations in June.

All incoming freshmen (class of 2025) who enroll in any summer school course will be required to have an IPAD and attend technology training on Wednesday, June 9 4:30-6:30pm or Thursday, June 10 6:00-8:00pm.

ATTENDANCE

Full attendance is essential for the successful completion of Summer School. Students are expected to attend class every day. No exceptions will be made for vacations, camps or employment. Please do not ask for special consideration. Students who are absent two times will be dropped from the course.

SAFETY

Masks are required at all times by everyone. Students will also need to complete a daily self-evaluation on HealthCheck360 prior to entering the building.

TYPES OF COURSES

We will offer four types of courses during summer school:

- Initial credit courses are for students who want to advance their course progression in order to take additional classes during the school year or for students who are unable to schedule certain courses during the regular school year.
- Credit recovery courses allow students to retake a class that they have failed during the school year and earn the required credit needed for graduation.
- Bridge courses allow the opportunity for students to enhance the fundamental skills that are necessary for them to be successful in the next level of a class.
- Enrichment courses provide opportunities for students to learn new skills.

GRADES

Grades earned by Marist High School students for credit courses become part of their permanent record and are averaged into the student's cumulative GPA at the completion of summer school.

TUITION

FULL YEAR COURSE (6 weeks) - \$700
SEMESTER COURSE (3 weeks) - \$350
BRIDGE COURSE - \$200

Tuition must be paid at the time of registration.

DRESS CODE

Student attire should be neat, clean and in good taste. Males and females may wear shorts or pants with a Marist spirit wear or plain t-shirt.

All shorts must be of a length that is within three inches of the knee. Halters, tube-style tops, off the shoulder shirts or exposed backs or midriffs are not acceptable. Clothes that are torn, shredded or with holes are not acceptable. Hats may not be worn.

TECHNOLOGY USE POLICY

Marist High School uses technology resources with students to promote educational excellence by facilitating innovation, collaboration and independent learning. Students are expected to use all types of technical equipment, computing devices, software, Apps, e-mail, social media and network resources in a responsible, ethical manner. All incoming freshmen who enroll in any summer school course will be required to have an IPAD and attend technology training on Wednesday, June 9 4:30-6:30pm or Thursday, June 10 6:00-8:00pm.

INITIAL CREDIT COURSES

SEMESTER COURSES (.5 CREDIT)

The following classes will be in session for two hours each day. Section 1 will meet from 8:00am to 9:50am. Section 2 will meet from 10:05am to 12:00pm. Please choose one section during registration.

HEALTH Grade 10, 11, 12 (June 14 - July 23, 8am to 9:50am or 10:05am to 12:00pm)

This course is a graduation requirement.

Prerequisite: Completion of Introduction to Wellness

The Health course exposes students to a variety of health-related concepts and the promotion of a healthy lifestyle along with disease prevention. Students will learn about influences and factors that contribute to unhealthy behaviors. Health topics include alcohol, drugs, vaping, nutrition and fitness, body systems, mental health, diseases, and CPR along with other current health topics. In addition to the health topics, students also will spend time in the fitness center on certain days. Marist spirit wear or Marist PE attire along with gym shoes are required on Health class fitness days.

SUMMER SPEECH Grade 9,10 (June 14 - July 23, 8am to 9:50am or 10:05am to 12:00pm)

This course satisfies a graduation requirement and is usually completed in freshman year.

This summer course is designed to help students develop effective speaking and presentation skills. Students will learn the fundamentals of the communication process as they study and practice a variety of speaking modes, styles, and techniques from film, print, and digital media sources. Students will be required to prepare and present a variety of speech assignments, including the incorporation of technology. Students will be assessed on the different strategies learned and used in their presentations demonstrating effective communication.

The following class is a three week class that will be held for four hours each day from 8am to 12pm.

INTRODUCTION TO DIGITAL MEDIA Grade 10, 11, 12 (July 6 - July 23, 8am to 12pm)

This is an introductory course designed to expose students to a variety of digital art and media projects. Students will learn image manipulation, animation, digital drawing, web design, coding, video editing, 3D Design and graphic design. Through demonstrations and hands-on work, students will learn to use a variety of software to create a unique portfolio of digital work illustrating concepts learned. This course will also help students to identify visual art and/or technology classes they want to pursue in the future.

INITIAL CREDIT COURSES

FULL YEAR COURSES (1.0 CREDIT)

The following classes will be held for four hours each day from 8:00am to 12:00pm.

ASTRONOMY Grade 11, 12 (June 14 - July 23, 8am to 12pm)

The purpose of this course is to enable students to develop and apply knowledge of the universe and compare the conditions, properties, and motions of bodies in space. Topics in the course will include, but are not limited to: the history of astronomy, light, evolution of planets, moons and stars, seasons, solar systems and galaxies, lunar phases, solar system scale, stellar size, the search for life, and relativity. The planetarium will be used to supplement the course.

BROADCASTING Grade 11, 12 (June 14 - July 23, 8am to 12pm)

Students enrolled in this elective course will explore the integration of emerging technologies, story-telling, and scriptwriting. In creating video-based projects, students will have hands-on, real world practice in all facets of the development of visual media projects. Students will produce broadcasts relevant to Marist High School, including news, public service, school initiatives, community activities and Marist outreach. Students will compile a video portfolio containing projects produced throughout the course. Students will need to purchase their own 1TB external hard drive.

DRAWING & PAINTING 1 Grade 10, 11, 12 (June 14 - July 23, 8am to 12pm)

This course is the beginning of our drawing and painting curriculum; a study in development of drawing and painting skills. The students will be expected to gain a working knowledge of various art materials and techniques. Students will begin to discover their own personal style and creative expression. Work is to be creative, skilled, and meet the due dates.

DRAWING & PAINTING 2 Grade 10, 11, 12 (June 14 - July 23, 8am to 12pm)

Prerequisite: Completion of Drawing and Painting 1.

This course is geared to a more thorough study and development of drawing and painting skills. The student will be expected to further their knowledge of various art materials and discover their own personal techniques and expression. Work is to be creative, skilled, and meet the due dates.

ENVIRONMENTAL SCIENCE Grade 11, 12 (June 14 - July 23, 8am to 12pm)

In this lab science course, students will study the environment by presenting the Earth as a viable habitat for people and other organisms. Ecological concepts and ideas that frame the study of the environment, as well as the climatic conditions, plants, and animals that characterize the world's terrestrial and aquatic biomes, will be addressed. Students will also examine the Earth's land and water resources as well as environmental concerns as they relate to population issues.

INITIAL CREDIT COURSES

FULL YEAR COURSES (1.0 CREDIT) (continued)

FORENSIC SCIENCE Grade 11, 12 (June 14 - July 23, 8am to 12pm)

Forensic Science is the application of biological, chemical, and physical science principles and practices to the study of criminal and civil law. This lab science course develops an understanding of the knowledge and technology related to the definition and use of evidence and focuses on problem solving. Students will be expected to construct theories, research forensic methodologies, synthesize information, and reach conclusions based on empirical evidence.

ROBOTICS Grade 10, 11, 12 (June 14 - July 23, 8am to 12pm)

In this elective course, students will develop, build and program VEX robots. Students will learn basic programming, as well as problem solving strategies. In this hands-on course, students will work in teams to design, build, program, and document their progress. Topics may include motor control, gear ratios, torque, friction, sensors, timing, program loops, logic gates, decision-making, timing sequences, propulsion systems and binary number systems. Student-designed robots will be programmed to compete in various VEX competitions against other area high schools.

BRIDGE AND ENRICHMENT COURSES

NON-CREDIT COURSES

The following classes will be held for two hours each day from 8am to 10am.

STUDENT SUCCESS WORKSHOP - UNDERCLASSMEN Grade 9, 10

(July 12 - July 16, 8am to 10am)

The Student Success Workshop provides an opportunity for students to explore areas of their academic journey that they would like to improve. This workshop will provide the chance for students to explore their own personal motivational and learning styles to determine what methods, tools, and practices will be most helpful for their academic achievement. This workshop will focus on executive functioning skills that are vital for academic and life success. The students will engage in inspiring lessons that focus on how to effectively use a planner, creating quality study habits, effective notetaking, following directions properly, turning in quality work, test prep, and much more.

STUDENT SUCCESS WORKSHOP - UPPERCLASSMEN Grade 11,12

(July 19 - July 23 , 8am to 10am)

The Student Success Workshop is an exciting opportunity for students to take charge of their academic and future careers. During this workshop participants will be introduced to multiple strategies to achieve success in and out of the classroom. This experience will empathize learning from a strengths-based approach and provide skills and techniques to enhance how students approach learning. Students will explore motivation and learning styles and discover what methods work for them, personally. Students will learn techniques that focus on organizational strategies, time management tools, college-ready study skills, quality notetaking, test preparation and many more executive functioning and life skills.

SPANISH 1 FUNDAMENTALS FOR SPANISH 2 SUCCESS Grade 9

(June 14 - June 25, 8am to 10am)

Pre-requisite: Previous enrollment in Spanish in elementary or junior high school. OR Completion of the Marist High School Spanish Proficiency Exam and recommendation of the Marist World Language Department.

The Spanish 1 Bridge course is designed for incoming freshmen who would like to enroll in Spanish 2 Honors their freshman year but scored below the required proficiency level. Students who enroll in this class demonstrate a need for additional instruction to master the skills needed to be successful in a Spanish 2 course. This course will focus on speaking and listening skills involving family, past times, and school. Students will review all present tense verb constructions, descriptive adjectives, possession, and ser and estar, and will draw from information typically taught during second semester of Spanish 1.

NOTE: A passing grade of 70% or higher on the Proficiency Test given at the end of the Bridge Course is required to advance to Spanish 2.

BRIDGE AND ENRICHMENT COURSES

NON-CREDIT COURSES (continued)

The following classes will be held for two hours each day from 8am to 10am.

FUNDAMENTAL WRITING FOR FRESHMEN Grade 9 (June 14 - June 25, 8am to 10am)

This course is designed to familiarize freshman students with different forms and techniques of academic writing. The coursework will guide students through the process of writing, including methods for effective prewriting, drafting, revising, editing, and enabling students to produce quality writing. Students will understand that writing is a process and the steps needed in order to be successful in their composition for their high school career. Additionally, methods taught are designed to line students up with fundamental Marist High School writing guidelines.

WRITING AT AN ADVANCED LEVEL Grade 10, 11, 12 (June 14 - June 25, 8am to 10am)

This summer bridge course is designed for students making the jump to an Honors or AP level class and provides direct instruction in the refinement of the writing process. This includes both reflection and evaluation of their own work and that of their classmates. Students will be asked to become more independent, creative, and research based in their composition and acquire the skills to apply this to various prompts and classroom literature. This course is open to any student who desires reinforcement in their writing skills and is an excellent way to transition to the more rigorous curricular environment of advanced level classes.

FUNDAMENTALS FOR HONORS MATH SUCCESS Grade 11 (June 14 - June 25)

Prerequisite: Completion Algebra 1 Advanced or Geometry Advanced and teacher recommendation to Honors Level

This course is required for students moving to Geometry Honors or College Algebra & Trigonometry Honors. This fast-paced course provides the study of mathematical topics traditionally covered in Algebra 2 to build foundational knowledge in preparation for College Algebra & Trigonometry Honors. Some of the topics covered by this course include polynomial functions, rational expressions and equations, radicals, complex numbers, quadratic functions, and conic sections.

MARCELLIN SUMMER PROGRAM

NON-CREDIT COURSES

This program is for incoming freshman Marcellin students held 8am to 12pm each day.

MARCELLIN SUMMER SESSION Grade 9

Session 1: June 14 - July 1 Session 2: July 6 - July 23

This three-week program is required of all incoming Marcellin freshmen, except students enrolled in Marcellin Math only. This course helps prepare Marcellin students to enter high school and focus for success in their content courses by developing and building executive functioning skills that are applied to all content areas. Students will work on literacy skills, including reading comprehension and vocabulary. Students will also be introduced to algebra, including rational numbers, expressions, and equations.

MARCELLIN SUMMER SESSION (MATH ONLY) Grade 9

Session 1: June 14 - July 1 Session 2: July 6 - July 23

This course will meet from 8:00am to 10:00am each day.

This three-week program is required of all incoming Marcellin freshman enrolled ONLY in one Marcellin course - Algebra 1 Marcellin. This course helps prepare Marcellin Math students to enter high school and focus for success introducing students to algebra, including rational numbers, expressions, and equations.

CREDIT RECOVERY COURSES

FULL YEAR AND SEMESTER COURSES

Semester 1 Credit Recovery will run June 14 - July 1 from 8am to 12pm each day.
 Semester 2 Credit Recovery will run July 6 - July 23 from 8am to 12pm each day.

Credit recovery is available for the following courses:

ENGLISH	English 1
	English 2
	English 3
	English 4/Expository Composition
FOREIGN LANGUAGE	French 1
	French 2
	Italian 1
	Italian 2
	Spanish 1
	Spanish 2
MATHEMATICS	Algebra 1
	Geometry
	Algebra 2
	Algebra 3 & Trigonometry
RELIGION	Religion 1
	Religion 2
	Religion 3
	Religion 4
SCIENCE	Any failed course
SOCIAL STUDIES	Any failed course

For questions regarding any of the summer programs, please contact Marist High School Director of Counseling at (773) 881-5309 or counselor@marist.net.
