

**SUMMER SCHOOL  
PROGRAMS 2023**

# MARIST HIGH SCHOOL

## SUMMER SCHOOL PROGRAMS 2023

---

### GENERAL

Summer School will run Monday through Thursday. Two, 3-week sessions will be offered: June 5 - June 22 and June 26 - July 18, with a long weekend for Independence Day.

Health, Speech and PE are semester courses (0.5 credit). Health & Speech will be offered each session. PE will only be offered during Session 1. Classes will be held Monday - Thursday 8:00 -10:30AM.

Choose one:

Session 1: June 5 - June 22

Session 2: June 26 - July 18

Registration will be available online at <https://www.marist.net/academics/summer-academic-programs/>. Registration will be accepted through April 30.

A course may be cancelled due to lack of enrollment. As of now Marist High School plans to hold all classes in person.

All incoming freshmen (class of 2027) who enroll in any summer school course will be required to have an iPad.

### IMPORTANT DATES

#### Monday, June 5

Session 1: First Day of Classes

#### Monday, June 19

No School

#### Thursday, June 22

Session 1: Last Day of Classes

#### Monday, June 26

Session 2: First Day of Classes

#### Monday, July 3

No School

#### Tuesday, July 4

Independence Day

No School

#### Tuesday, July 18

Last Day of Classes

## ATTENDANCE

Full attendance is essential for the successful completion of Summer School. Students are expected to attend class every day. No exceptions will be made for vacations, camps or employment. Please do not ask for special consideration. Students who are absent two times will be dropped from the course.

## TYPES OF COURSES

We will offer two types of courses during summer school:

- Health, PE and Speech are initial credit courses. These courses will allow for students to advance their course progression in order to take additional classes during the school year.
- Bridge courses allow the opportunity for students to enhance the fundamental skills that are necessary for them to be successful in the next level of a class.

## GRADES

Grades earned by Marist High School students for credit courses become part of their permanent record and are averaged into the student's cumulative GPA at the completion of summer school.

## TUITION

FULL YEAR COURSE:	\$500
SEMESTER COURSE:	\$250
BRIDGE COURSE:	\$100

## DRESS CODE

Student attire should be neat, clean and in good taste. Males and females may wear shorts or pants with a Marist spirit wear or plain t-shirt.

All shorts must be of a length that is within three inches of the knee. Halters, tube-style tops, off the shoulder shirts or exposed backs or midriffs are not acceptable. Clothes that are torn, shredded or with holes are not acceptable. Hats may not be worn.

## TECHNOLOGY USE POLICY

Marist High School uses technology resources with students to promote educational excellence by facilitating innovation, collaboration and independent learning. Students are expected to use all types of technical equipment, computing devices, software, Apps, e-mail, social media and network resources in a responsible, ethical manner. All incoming freshmen who enroll in any summer school course will be required to have an iPad.

# INITIAL CREDIT COURSES

## SEMESTER COURSES (0.5 CREDIT)

---

*The following classes will be in session Monday through Thursday. Session 1 will meet June 5 - June 22 from 8:00 AM to 10:30 AM. Session 2 will meet from June 26 - July 18 from 8:00 AM - 10:30 AM. Please choose one session during registration.*

*Payment is due at the time of registration.*

### **HEALTH Grade 9, 10, 11, 12**

**(Session 1: June 5 - June 22 or Session 2: June 26 - July 18. Both sessions meet from 8:00 AM - 10:30 AM)**

**This course is a graduation requirement.**

The Health course exposes students to a variety of health-related concepts and the promotion of a healthy lifestyle along with disease prevention. Students will learn about influences and factors that contribute to unhealthy behaviors. Health topics include alcohol, drugs, vaping, nutrition and fitness, body systems, mental health, diseases, and CPR along with other current health topics. In addition to the health topics, students also will spend time in the fitness center on certain days. Marist spirit wear or Marist PE attire along with gym shoes are required on Health class fitness days.

### **MIND and BODY AWARENESS Grade 10, 11, 12**

**(Session 1: June 5 - June 22. This session will meet from 8:00 AM - 10:30 AM)**

Mind and Body Awareness is a noncompetitive course for students looking to integrate physical and mental practices as a means to train the body and mind to build strength, balance and flexibility. Students will learn basic Yoga poses and stretches, engage in cardiovascular training and core strengthening plus learn meditation practices along with other concentration exercises. The goal of this course is to make students aware of how their mind and body need to function as a unit and help them build strength as well as control. Students will be required to use the 'Polar Go Fit' program. Marist spirit wear or Marist PE attire along with gym shoes are required.

### **SUMMER SPEECH Grade 9,10**

**(Session 1: June 5 - June 22 or Session 2: June 26 - July 18. Both sessions meet from 8:00 AM - 10:30 AM)**

**This course is a graduation requirement and must be completed by the end of sophomore year.**

This summer course is designed to help students develop effective speaking and presentation skills. Students will learn the fundamentals of the communication process as they study and practice a variety of speaking modes, styles, and techniques from film, print, and digital media sources. Students will be required to prepare and present a variety of speech assignments, including the incorporation of technology. Students will be assessed on the different strategies learned and used in their presentations demonstrating effective communication.

# BRIDGE AND ENRICHMENT COURSES

## NON-CREDIT COURSES

---

### **Summer bridge program for students moving from Algebra 1 Academic to Algebra 2 Advanced: FOUNDATIONS FOR ALGEBRA 2 ADVANCED SUCCESS GRADE 11**

**This class will be held Monday through Friday, June 5 - June 23 from 10:30 AM - 12:30 PM**

(Prerequisite: Algebra 1 Academic and Geometry semester grades and exam results reviewed by the math department and the level change must be approved by the Academic Dean.)

This course is required for students moving from Algebra 1 Academic to Algebra 2 Advanced. The subject matter will be a review of foundational Algebra 1 topics in a comprehensive, in depth, and rigorous manner in order to prepare the student for this same level of analysis in Algebra 2 Advanced. Topics will include exponential expressions and equations, rational expressions and equations, quadratic equations, and the ability to graph all of these relationships. Students will be assessed throughout the course in order to check for understanding and address any deficiencies in subject matter knowledge.

### **Summer bridge program for students moving from Algebra 2 Advanced to Calculus Honors: FOUNDATIONS OF TRIGONOMETRY FOR CALCULUS HONORS Grade 12**

**This class will be held Monday through Friday, June 5 - June 23 from 10:30 AM - 12:30 PM**

(Prerequisite: Grade of A+ in Semester 1 of Advanced Algebra 2 and the level change must be approved by the Academic Dean).

This course is required for students seeking to move from Algebra 2 Advanced to Calculus Honors. The subject matter will be a foundational introduction to Trigonometry. Topics will include the six trigonometric identities, the Unit Circle, radian and degree measures, trigonometric graphs and how they are periodic, the Laws of Sines and Cosines, inverse trigonometric functions, and proofs of trigonometric identities. Students will be assessed throughout the course in order to check for understanding.

### **Summer bridge program for students moving from Algebra 1 Advanced to CAT: FUNDAMENTALS FOR HONORS MATH SUCCESS Grade 11**

**This class will be held Monday through Friday, June 5 - June 30 from 8:00 AM - 10:00 AM**

(Prerequisite: Grade of A in Algebra 1 Advanced and A in Geometry Advanced, along with a review of semester exam results by the math department and the level change must be approved by the Academic Dean.)

This course is required for students moving to College Algebra & Trigonometry Honors from Algebra 1 Advanced / Geometry Advanced. This fast-paced course provides the study of mathematical topics traditionally covered in Algebra 2 to build foundational knowledge in preparation for College Algebra & Trigonometry Honors. Some of the topics covered by this course include polynomial functions, rational expressions and equations, exponents & radicals, complex numbers, quadratic functions, and conic sections. Students will be assessed throughout the course in order to check for understanding and address any deficiencies in subject matter knowledge.
