

**SUMMER SCHOOL
PROGRAMS 2024**

MARIST HIGH SCHOOL

SUMMER SCHOOL PROGRAMS 2024

GENERAL

Summer School will run Monday through Thursday.

Students will choose one session:

Session 1: June 3 - June 20, No class on June 19th
OR

Session 2: June 24 - July 11, No class on July 4th

Health, Speech and PE are semester courses offered
and students will earn 1/2 credit.

Health will be offered each session - 8:00 - 10:30AM.

PE will only be offered during Session 1 - 8:00 -
10:30AM.

Speech will only be offered during Session 1, but
students may choose from 2 class periods - Period
1,
8:00 - 10:30 OR Period 2, 11:00 - 1:30.

Registration will be available on the Marist
website at www.marist.net Registration will be
accepted through April 30 or until the class is full.

A course may be cancelled due to lack
of enrollment. All classes are held in
person.

All incoming freshmen (class of 2028)
who enroll in a summer class will be required
to have an iPad.

IMPORTANT DATES

Monday, June 3

Session 1: First Day of Classes

Wednesday, June 19

No School

Thursday, June 20

Session 1: Last Day of Classes

Monday, June 24

Session 2: First Day of Classes

Thursday, July 4

No School

Tuesday, July 11

Last Day of Classes

ATTENDANCE

Full attendance is essential for the successful completion of Summer School and students are expected to attend class every day. Students will be allowed ONE excused absence, however the student will be required to make up the missed 2.5 hours after class, in addition to the missed work. **Any additional absence will result in a zero for any assignments on that day and no opportunity for make up will be provided. No exceptions will be made for vacations, camps, etc.**

TYPES OF COURSES

We will offer two types of courses during summer school:

- Health, PE and Speech are initial credit courses. These courses will allow for students to advance their course progression in order to take additional classes during the school year.
- Bridge courses allow the opportunity for students to enhance the fundamental skills that are necessary for them to be successful in the next level of a class.

GRADES

Grades earned by Marist High School students for credit courses become part of their permanent record and are averaged into the student's cumulative GPA at the completion of summer school.

TUITION

SEMESTER COURSE: \$350

BRIDGE COURSE: \$200

DRESS CODE

Student attire should be neat, clean and in good taste. Males and females may wear shorts or pants with a Marist spirit wear or plain t-shirt.

All shorts must be of a length that is within three inches of the knee. Halters, tube-style tops, off the shoulder shirts or exposed backs or midriffs are not acceptable. Clothes that are torn, shredded or with holes are not acceptable. Hats may not be worn.

TECHNOLOGY USE POLICY

Marist High School uses technology resources with students to promote educational excellence by facilitating innovation, collaboration and independent learning. Students are expected to use all types of technical equipment, computing devices, software, Apps, e-mail, social media and network resources in a responsible, ethical manner. All incoming freshmen who enroll in any summer school course will be required to have an iPad.

INITIAL CREDIT COURSES

SEMESTER COURSES (0.5 CREDIT)

The following classes will be in session Monday through Thursday. Session 1 will meet June 3 - June 20 from 8:00AM to 10:30AM. Session 2 will meet from June 24 - July 11 from 8:00AM - 10:30AM. Please choose one session during registration. Please note: Physical Education and Speech are only available during Session 1.

Payment is due at the time of registration.

HEALTH Grade 9, 10, 11, 12

(Session 1: June 3 - June 20 OR Session 2: June 24 - July 11. Both sessions meet from 8:00AM - 10:30AM)

This course is a graduation requirement.

The Health course exposes students to a variety of health-related concepts and the promotion of a healthy lifestyle along with disease prevention. Students will learn about influences and factors that contribute to unhealthy behaviors. Health topics include alcohol, drugs, vaping, nutrition and fitness, body systems, mental health, diseases, and CPR along with other current health topics. In addition to the health topics, students also will spend time in the fitness center on certain days. Marist spirit wear or Marist PE attire along with gym shoes are required on Health class fitness days.

PHYSICAL EDUCATION Grade 10, 11, 12

(Session 1: June 3 - June 20. This class will meet from 8:00AM - 10:30AM)

This noncompetitive course will allow students to integrate physical and mental practices as a means to train the body and mind to build strength, balance and flexibility. The goal of this course is to make students aware of how their mind and body need to function as a unit and help them build strength as well as control. Students will be required to use the 'Polar Go Fit' program. Marist spirit wear or Marist PE attire along with gym shoes are required.

SUMMER SPEECH Grade 10, 11, 12

(Session 1: June 3 - June 20. This class will meet from 8:00AM - 10:30AM OR 11:00AM - 1:30PM)

This course is a graduation requirement for students in the graduating class of 2025, 2026 and 2027.

This summer course is designed to help students develop effective speaking and presentation skills. Students will learn the fundamentals of the communication process as they study and practice a variety of speaking modes, styles, and techniques from film, print, and digital media sources. Students will be required to prepare and present a variety of speech assignments, including the incorporation of technology. Students will be assessed on the different strategies learned and used in their presentations demonstrating effective communication.

BRIDGE AND ENRICHMENT COURSES

NON-CREDIT COURSES

Summer bridge program for students moving from Algebra 1 Academic to Algebra 2 Advanced: FOUNDATIONS FOR ALGEBRA 2 ADVANCED SUCCESS GRADE 11

This class will be held Monday through Friday, June 3 - June 21 from 10:30AM - 12:30PM

(Prerequisite: Algebra 1 Academic and Geometry semester grades and exam results reviewed by the math department and the level change must be approved by the Academic Dean.)

This course is required for students moving from Algebra 1 Academic to Algebra 2 Advanced. The subject matter will be a review of foundational Algebra 1 topics in a comprehensive, in depth, and rigorous manner in order to prepare the student for this same level of analysis in Algebra 2 Advanced. Topics will include exponential expressions and equations, rational expressions and equations, quadratic equations, and the ability to graph all of these relationships. Students will be assessed throughout the course in order to check for understanding and address any deficiencies in subject matter knowledge.

Summer bridge program for students moving from Algebra 2 Advanced to Calculus Honors: FOUNDATIONS OF TRIGONOMETRY FOR CALCULUS HONORS Grade 12

This class will be held Monday through Friday, June 3 - June 21 from 10:30AM - 12:30PM

(Prerequisite: Grade of A+ in Semester 1 of Advanced Algebra 2 and the level change must be approved by the Academic Dean).

This course is required for students seeking to move from Algebra 2 Advanced to Calculus Honors. The subject matter will be a foundational introduction to Trigonometry. Topics will include the six trigonometric identities, the Unit Circle, radian and degree measures, trigonometric graphs and how they are periodic, the Laws of Sines and Cosines, inverse trigonometric functions, and proofs of trigonometric identities. Students will be assessed throughout the course in order to check for understanding.

Summer bridge program for students moving from Algebra 1 Advanced to CAT: FUNDAMENTALS FOR HONORS MATH SUCCESS Grade 11

This class will be held Monday through Friday, June 3 - June 28 from 8:00AM - 10:00AM

(Prerequisite: Grade of A in Algebra 1 Advanced and A in Geometry Advanced, along with a review of semester exam results by the math department and the level change must be approved by the Academic Dean.)

This course is required for students moving to College Algebra & Trigonometry Honors from Algebra 1 Advanced / Geometry Advanced. This fast-paced course provides the study of mathematical topics traditionally covered in Algebra 2 to build foundational knowledge in preparation for College Algebra & Trigonometry Honors. Some of the topics covered by this course include polynomial functions, rational expressions and equations, exponents & radicals, complex numbers, quadratic functions, and conic sections. Students will be assessed throughout the course in order to check for understanding and address any deficiencies in subject matter knowledge.
