DEAR MARIST FAMILY,

It's been said that if you choose a job you love, you'll never work a day in your life. To an extent, I have found that to be true. Certainly, I have never found it to be a daunting task to make my way to Marist High School during my 27 years here.

It is the work that has excited me. The challenge to meet the needs of students, think outside the box in

terms of curriculum and facilities, and keep our Catholic, Marist mission at the heart of what we do has pushed me to continue learning, growing, and praying.

Loving work is a part of my DNA and a part of the foundation of the Marist Brothers' philosophy. And loving work is something we aim to instill in our students as we encourage them to pray more, dig deeper, ask questions, train harder, and explore their talents.

Of course, none of our "work" could be done without the amazing partners we have. Our faculty and staff, students, parents, alumni, and supporters are integral to our continued success and growth. After all, many hands make light work.

I invite you to continue or to start working with us as we make Jesus known and loved among young people while preparing them for higher education and life.

Sincerely,

LARRY TUCKER '79
President

To Make Jesus Known and Loved.

Love of Work

Being generous of heart, constant, and persevering in our daily work, confident, visionary, decisive in meeting the needs of our community and encouraging each other to discover the dignity of our work with young people and with each other

The Class of 2024 came from 106 parishes or places of worship. They came to school every day from 14 different neighborhoods within the City of Chicago and from 42 different suburbs and Indiana. There were 60 students who had a parent who is a first responder (police officer, EMT, firefighter, or nurse). Eight students earned the Seal of Biliteracy. This class was not afraid to follow their passions and share their talents with the world. **Anna Smetek** was named Queen of Polish Highlanders and raised over \$100,000 to improve the lives and futures of children in need. **Addison McBride** was a Silver Key Scholastic Winner for a photo composite she designed in the Photography 2 course. **Kate Hulne** and **Mairead O'Brien** were on the Irish Dance Team named as the 2024 All Ireland Champions. **Keiran Mines** earned the rank of Eagle Scout, a rank only 2% of eligible Scouts earn. **Jax Valenti** and his family built and donated a beautiful Nativity scene to be displayed outside the Marist main office. **Morgan Gonzales** worked as a Gameday Photographer for the Windy City Bulls.

The Faculty Award, which is voted on by Marist teachers, honors students who embody the ideals of a Marist graduate in faith, service, and academics, and was given to **Caroline O'Brien** and **Kamron Beal**.

AP African American & AP Silver Distinction

BY JOY LEWIS, DEAN OF STUDENT SUCCESS

MARIST ADDED THREE new AP classes during the 2023-24 school year – AP African American Studies, AP Human Geography and AP Seminar, bringing our total AP course offerings to 22.

Marist High School was chosen as 1 of only 700 schools in the U.S. to join the 2023-24 AP African American Studies Pilot course program. This course filled an English graduation requirement and was offered to junior and senior students in the 2023-24 school year. In its first year, 24 students enrolled in the course and 79% of the students earned a 3 or higher on the AP exam, potentially earning college credit.

Adding AP Seminar and AP African American Studies to the Marist curriculum offerings opened access to AP Courses to students who may not have considered an AP Course previously. By expanding this access, College Board recognized Marist High School with the AP Access Award which is given to schools who demonstrate a clear and effective commitment to equitable access to advanced coursework. Additionally, Marist High School earned Silver recognition on the 2024 AP School Honor Roll. Schools earn this recognition based on criteria that reflect a commitment to increasing college-going culture, providing opportunities for students to earn college credit, and maximizing college readiness. 📌

Marists of Champagnat USA

MARISTS OF CHAMPAGNAT USA is a community of lay women and men and consecrated religious brothers who together are living out the Marist spirituality inherited from St. Marcellin Champagnat. All Marists of Champagnat seek to grow in communion, following Mary's example of making Jesus known and loved in our world. They support each other through continual formation experiences that allow anyone who wishes to be "Gathered Around the Same Table" to find a place.

Each year, lay women and men who are interested in exploring their commitment to living out the Marist Charism are invited to participate in a cohort that takes place over a 6-month period. Marist Brothers are invited to join these cohorts as well. Cohort participants are paired with companions (former cohort participants and/or Marist Brothers) who journey with the participants as they join together in prayer services, a webinar series and spiritual dialogue throughout the cohort process. The process culminates with a commitment ceremony in June. Members of Marists of Champagnat continue to engage in ongoing formation, as well as live out the Marist Mission through service and shared life experiences in local groups as they'll as Province-wide events. 📌

New Mural Brightens Up Marist Hallway

THIS SUMMER, Marist was fortunate enough to have a new mural painted in the upstairs hallway outside of our counseling department. The artist, Thomas Fleming, met with the counseling department and administration to brainstorm aspects of the mural that symbolize Marist. Thomas brought this vision to life, and we are so grateful for him sharing his talents, making our hallways a little more colorful and vibrant.

Some specific aspects of the mural that give a nod to Marist life are:

- The water/river/stones are symbolic of La Valla and the Hermitage.
- The Chicago skyline & four stars of the Chicago flag pay homage to Marist Chicago.
- The butterfly symbolizes growth and hope.
- "Don't fret" written in the top right corner. This saying is something Brother Vito Aresto, FMS used to say to bring comfort, peace, calmness to those he worked with and his students.
- The tree is symbolic of strength and interconnectedness. 📌

Italian Exchange Fall 2024

BY ALESSIA ZULATO, ITALIAN TEACHER & MODERATOR OF THE ITALIAN NATIONAL HONOR SOCIETY

FROM SEPTEMBER 20th-29th, 15 Marist students enrolled in the Italian program and their families welcomed in their home students from Istituto San Leone Magno, the Marist school in Rome. During this time, they showed them all the great attractions of Chicago, they took them to their favorite restaurants and malls for shopping, and shared their everyday life in every aspect, including school. The Italian students shadowed them during the school day when not sightseeing around Chicago. They worked together during Italian class. They watched Marist football, soccer and volleyball games. While this is undoubtedly a great experience for our Italian guests who got to experience American life and culture first hand, it is also extremely enriching for our Marist students. Sharing your own culture and habits with someone from a different country, and making constant efforts to adapt to

them, is indeed a difficult but worthwhile thing to do in order to become a well-rounded world citizen. Marist students will get to visit Rome and stay with their peers' families during Spring Break 2025. This second part of the exchange program represents for them a great chance to explore the great city of Rome, and to apply in the real world what they have learned in the classroom during the past three or four years. They learned how to order in a restaurant, how to buy clothes and food, how the public transportation system works: once in Rome, they will get to do all of these and more! From the teacher's perspective, I really enjoy observing the American and the Italian students interacting and learning from each other. I am very happy that at Marist High School we provide this chance to our students. They will create memories that will last a lifetime, and friendships that cross borders. 📌

Champagnat Award Winners

THE CHAMPAGNAT FACULTY AWARD recognizes those who share similar traits with St. Marcellin Champagnat, the founder of the Marist Brothers, and who embrace their roles at the school as a vocation. This year's award winners were chosen by previous Champagnat Award winners and the Marist Brothers. In addition to exhibiting Marist and Marcellin-like qualities, award winners must have served at Marist for at least ten years. Receiving the award for 2024 were **Karen Laurencell**, **Mary Barry**, and **Ron Dawczak '93**. The family of recently deceased, beloved longtime Marist staff member **Kathy Majka** received the award on her behalf. 📌

For **Jim Moran '84**, attending Marist High School was formative in more ways than one. Yes, he benefited from the academic preparation, but he also continued his Christian formation while a student. Fr. Tom Dunn invited him to prepare for the Sacraments of Confession and Holy Communion. “I took him up on his offer and always loved chapel with my classmates thereafter,” Jim said. “It seems like such a small thing now but it was a huge thing for me at that age.”

Jim’s commitment to his faith still shapes him today and he believes Marist continues to do the vital work of making Jesus known and loved among young men and women. “Marist, more than any other cause I contribute to, shares my exact values, develops young people, and prepares them to go out and be soldiers for Christ in a world that needs those soldiers more than at any time in my lifetime,” Jim said.

The son of a Chicago Police officer and Chicago Public Schools clerk, Jim paid his own way through Marist. Today, to help more young people experience Marist, Jim has been a supporter of the financial aid program. Jim’s goal is to support students who might otherwise not be able to attend or continue studying at Marist due to financial hardship. “In that way, I am also supporting those parents who are like my own; hard-working, good, faith-filled people who want the best for their children and others,” Jim explained. “I realize it is probably not possible anymore for students to pay their own way through Marist and I would like to narrow that gap.”

Jim is confident that his Marist experience continues to shape him today. “My desire to continue working beyond financial need is driven by my desire to give,” he said. “I believe the main values that I learned at Marist are unselfishness, giving, being purposeful, and developing others.”

After Marist, Jim earned a Bachelor of Arts degree with concentrations in Finance and Economics from the University of Illinois, Champaign-Urbana. He moved to Dallas, Texas, and has built a 30+ year career that includes investment and operational roles in public markets, commercial real estate, entrepreneurship, and private equity. Today, he is a fund manager and partner with emerging investment fund Pishon Capital.

Jim is happily married to his wife Bridgette, and has two grown children, Colin (25) and Kyra (24) who are graduates of the University of Colorado. He is also a supporter of Fellowship of Christian Athletes and his local cancer charity in Crested Butte, Colorado. [i](#)

Robert Stoettner '88 appreciates structure. It’s one of the benefits he respects from his days at Marist High School. A product of the public schooling system through junior high, he selected Marist, in part, due to its college prep reputation. And that’s just what he found there.

Looking back, he feels the school’s structured learning environment, along with the discipline, helped prepare him for college and beyond. “Just knowing Mr. Al Brazen was there was enough for me,” Rob recalled.

The dedicated teachers influenced him, too. Br. Lawrence Hanshumaker had a significant impact on Rob. The computer lab at Marist was not only a new facility, but a new area of learning. “Br. Hanshumaker introduced me to computers,” Rob said. “I spent a lot of free time in the lab and took some classes, too.”

Rob’s love of structure introduced to him the world of accountancy. After Marist, he attended Northern Illinois University – a school well-known for its accounting program.

Rob felt prepared for college-level coursework. “Having attended Marist, I was without a doubt ready for classes at Northern.” He became a CPA and joined RSM, an audit, tax, and consulting firm, where he still works. Today, Rob is an audit partner, overseeing much of the operations side of the firm’s auditing services.

Rob reconnected with Marist after his son played for Bryan Tucker at Barrington High School. Tucker was a former faculty member, and coach at Marist from 1988-1996, and is the brother of Larry Tucker '79, president at Marist.

Rob and his wife of 25 years, Gillian, live in Barrington Hills. Their two children attend the University of Iowa. [i](#)

“You can help people when your heart is set on fire and you’re in alignment with who you’re meant to be,” **JP Abercrombie ’09** said.

That mindset helped her build a career in college athletics, where she works to leverage sports to help people and organizations become the best versions of themselves.

JP serves as the Executive Associate Athletic Director for Culture, Engagement, and Civic Innovation at the University of Notre Dame. In this role, JP is responsible for leading organizational and team culture, diversity, equity, and inclusion initiatives, talent recruitment, development and retention initiatives, mission and civic engagement programs, and various strategic partnerships. When she started her work there in early 2022, she was charged with evaluating the Notre Dame Athletics existing social engagement program, StaNDTogether. Through her efforts and outreach, “Together Irish” was born and focuses on education, engagement, and enrichment for student-athletes, coaches, faculty, staff, fans, supporters, and community members to create sustainable progress and change. JP notes that the program aims to respond to issues in a way that is true to Notre Dame’s values, mission, and Catholic social teaching.

While at Marist, JP was very engaged, competing for four years on the basketball, track and field, and cross country teams. She was also a member of the National Honor Society

JP Abercrombie ’09

and Spanish National Honor Society and served as a Student Ambassador. JP notes several coaches and teachers who made an impact on her while at Marist. “There were so many positive moments,” she recalled. “And there were so many people—who through the gateway of sports—helped me figure out who I wanted to become.”

After Marist, JP earned a Bachelor of Arts degree from Temple University where she was a four-year member of the track

and field program and maintained leadership roles in several student organizations. JP obtained a Master of Arts in Cultural Studies of Sport in Education from the University of California, Berkeley, and has also earned additional certificates in her field from other institutions. She has worked at notable colleges and universities across the country including the University of California at Berkeley, Mississippi State University, and Rice University. She held a variety of positions, with a focus on student-athlete development, wellness, internal and external engagement, as well as program fundraising. She has spoken at a variety of conferences and webinars on the national and international stage, and enjoys service on several industry committees, including work with professional sports entities like the NFL. Her work for Notre Dame earned her the 2023 ACC UNITE Award from the Atlantic Coast Conference and led to the University winning the 2024 NCAA-MOAA Diversity & Inclusion [National Championship]. Brick by Brick: Planned Giving Program for Marist High School

Let us help you make the gift that's right for you.

A legacy gift enables you to support Marist High School, secures the financial needs of your loved ones, and provides you with tax benefits. Legacy gifts of all sizes combine to help us meet our current goals and reach further into the future.

By including Marist High School in your will or trust, naming Marist as a beneficiary of all or part of a life insurance policy, or taking advantage of other giving opportunities, you can preserve your assets now and support Marist for years to come. Your gift will have a real, lasting impact.

Why is it named The Hermitage Society?

The image of building something by hand, stone by stone, brick by brick, gives one the sense of commitment and accomplishment. Our planned giving program to continue our important mission at Marist High School Chicago is no different.

The building, called the Hermitage, that Saint Marcellin and the Brothers built by hand, brick by brick, still stands today. It is in this spirit that we have built and continue to build Marist High School Chicago, wing by wing, and student by student.

Is Marist High School already in your plans? Please let us know so we can properly thank you and make sure your gift will be used as you've intended. [+](#)

2024 Athletic Hall of Fame Inductees

On September 13th, Marist High School proudly hosted its annual Athletic Hall of Fame induction, a night filled with celebration and recognition of outstanding athletic achievements. The event kicked off with a reception in the Hynes Gym, where honorees, along with their family and friends, gathered to celebrate their accomplishments.

The highlight of the evening came during halftime of the Marist vs. Montini football game, when each inductee was honored in front of a packed Red & White Stadium. As the honorees walked through a lively gauntlet formed by the band members and cheerleaders, their career achievements were announced, while highlights of their athletic journeys were displayed on the jumbotron. To commemorate their induction, each honoree was presented with a Hall of Fame plaque, marking their permanent place in Marist High School's storied athletic history.

Summer Festival

BY MAURA BRUTON, SPECIAL EVENTS ASSISTANT,
SUMMER FESTIVAL DIRECTOR

THE THIRD ANNUAL Southside Summer Festival, which took place on Saturday, July 20th, was the largest year ever with thousands in attendance to hear the sounds of the BoDeans, Push Stars and Soul 2 The Bone, live on the field of the Marist Red & White Stadium.

This community event is unlike any other in the area, and opens the Marist campus to the entire community. All monies raised at Southside Summer Festival help to provide financial aid to current and future students. Many thanks to our tremendous sponsors, volunteers, alumni and attendees, who helped to ensure a hugely successful year. Next year's lineup will be announced in spring, so be sure to save the date for Southside Summer Festival, which will take place on Saturday, July 19th, 2025.

Donor Acknowledgement Report

July 1, 2023 - June 30, 2024

“Thank you for considering giving back to Marist after you graduate. Your generosity is crucial for our planning and helps us meet the diverse learning needs of our students. Supporting education is one of the best gifts you can give. We truly appreciate your support!”

—
MEG DUNNEBACK
Principal

Every opportunity, triumph, and success our students experience comes with a backstory that includes an individual or a group of individuals who made the choice to support, uplift, and encourage by donating to the Marist Fund. As a donor, it is your willingness to bring the love and hope that continues to make a difference in our students' lives. On the following pages, we share the Donor Acknowledgement Report for the 2023-2024 school year. We are blessed with the kindness of so many and appreciate all you do for us.

Thankyou.

Support to the Marist Fund

We proudly celebrate a tradition of excellence in Catholic education. For over six decades, Marist graduates have changed the lives of people and communities locally, statewide, nationally, and internationally. We currently boast an Alumni base of well over 25,000 individuals.

Our school facilities and curriculum have expanded during that time, and we have, you, our amazing alumni to thank for that. Keeping a strong relationship with our alumni allows us to continue caring for each other and the students we currently serve.

Thank you in advance for any gift you can make to ensure the continued success of all our students in the coming year.

The Marist Fund is crucial to providing that aid.

**HAVE YOU MOVED? DO YOU HAVE
A NEW JOB? DID YOU GET MARRIED?
IS THERE A NEW ADDITION TO
YOUR FAMILY?**

In our efforts to stay connected, we need you to let us know what you're up to. In each edition of *The Point*, we look forward to printing Class Notes – please tell us about your latest accomplishments and life events.
